About The Brain Injury Society of Toronto

As a not-for-profit organization BIST is completely funded by donations, sponsorships and monies raised at our signature events. With these funds we are able to deliver programs and services to our members including support groups, social drop-ins, informative workshops and so much more!

We also continue to provide education and awareness to the community regarding brain injury through our social media outlets and our award winning areyouaware.ca campaign.

"BIST has made a big difference for my social well-being. I was at home all the time feeling depressed, and that was not who I was. Now I've been given hope to get close to being myself again. I know now there is a society among BIST members I can talk to. I never have to feel alone as long as BIST is open to me. "
